**Administrative Procedure - Accelerated Placement Program Procedures**

The District’s Accelerated Placement Program (APP) places qualified students in an educational setting that includes curriculum usually reserved for students who are older or in higher grades than the student, and is implemented by the Superintendent or designee. 105 ILCS 5/14A.

This administrative procedure contains five sections as follows:

1. Definitions
2. Annual Notification
3. Referral Process
4. Evaluation Process
5. Eligibility Determination

**Definitions**

*Accelerated placement* is the placement of a student in an educational setting with curriculum that is usually reserved for students who are older or in higher grades than the student. Accelerated placement includes, but may not be limited to: early entrance to kindergarten or first grade, accelerating a student in a single subject, and grade acceleration.

*Early entrance to kindergarten* is the admission to kindergarten of a student who: (a) is assessed for and meets the District’s readiness standards to attend school; and (b) will not be five years of age on or before September 1 of that school term.

*Early entrance to first grade* is the admission to first grade of a student who is assessed for and meets the District’s readiness standards to attend school. A student may, but is not required to, have attended a non-public preschool and continued his or her education at that school through kindergarten and been taught in kindergarten by an appropriately certified teacher. A student who is younger than six upon starting first grade but who was admitted early to kindergarten does not need to be reevaluated prior to admission to first grade.

*Individual subject acceleration* is the practice of assigning a student to a specific content area at a higher instructional level than is typical given the student’s grade for the purpose of providing access to appropriately challenging learning opportunities in one or more subject areas. It may be accomplished by either: (a) physically moving the student to a higher level class for instruction; or (b) using higher level curricular or study materials in the student’s current classroom.

*Whole grade acceleration* is the practice of assigning a student to a higher grade level than is typical, given the student’s age, on a full-time basis for the purpose of providing access to appropriately challenging learning opportunities. Commonly referred to as *skipping* a grade, grade acceleration may be done at the beginning of or during the school term.
