Dear District 155 Families:

I hope this communication finds you well. I want to remind our parents, students, and community members that registration has been open since June. I encourage all parents to enroll their child as soon as possible. If you are having trouble enrolling your child, please reach out to your child's school office at the phone numbers listed below. Enrolling students helps the District finalize staffing and resource allocations for the new school year. One key component of enrollment is directly tied to assigning busing routes for those who qualify. The District's busing vendor is currently facing a severe driver shortage and may only be able to provide limited routes. Finally, next week, the school board will host a special meeting to discuss the District's Back to School Plan and American Rescue Plan funding. After the special meeting, a communication will go out to district families notifying them of any necessary updates.

Sincerely,
